

**In PH, “partnerships” in health have always been in the form of **PRIVATIZATION** of healthcare.**

- ❑ SAPs ❑ “Investing in Health” (WB, 1993)
- ❑ Health Sector Reform Agenda (DOH, 1999)
- ❑ Universal Health Coverage/Care (WHO, 2008)

SDG 17: Partnerships for the Goals

**The premise of PRIVATIZATION is government's REFUSAL to provide adequate funds for healthcare.**

- ❑ Pre-pandemic: WEAK the healthcare system
- ❑ Pandemic: POOR response, POOR regulation
- ❑ Post-pandemic: UHC Law is the WRONG direction

SDG 17: Partnerships for the Goals

# Partnerships should NOT mean "PAGPAPABAYA" or "PAGPAPAUBAYA".

- ❑ Goal: "Health for ALL"
- ❑ Principle: Health as a matter of RIGHT
- ❑ Means: Relevant and empowering partnerships
